### PARC MEMBERSHIP FORM

**“About 40% are diagnosed early (0-3 mo.), when the success rate is highest.”**

Our mission is to inform the medical community of the crucial importance of early diagnosis and treatment. Every doctor and health care professional must recognize, diagnose and treat it. This is not happening yet. Through our membership fees we can educate, provide support, and bring hope to CRPS patients. Thank you for your support!

### CANADIAN RESEARCH 2019: \$30,000 goal

One of PARC’s main goals is to raise funds for research into better treatments and a cure for CRPS. In 2019, there will be a clinical trial of a new drug compound called **GBM-5**. Dr. Gilbert Blaise will be testing this compound on CRPS patients in Canada. Monies will go directly to funding the editor/administrator, statistician, study coordinator and getting permissions from Health Canada. PARC would greatly appreciate your help. Every dollar counts!

**PLEASE GIVE WHAT YOU CAN:** I wish to make a donation to Canadian research.
